It does not come out well at the first attempt. You must try and try again ...</p> <p>you must be confident in yourself, take same risk.</p> 	 <p>You must be patient, waiting for leavening, for fermenting or to complete the crust.</p>

<p>Just one error and you have to restart from the beginning.</p> 	<p>You must look at the results in an impartial way, learning from your mistakes.</p>	<p>You must develop a project, but you must also be able to improvise, like an artist.</p> 	<p>never give up</p>  <p>but above all you must <i>smile!</i></p> 	<p>One person... ...you would like (s)he to be <i>special</i>...</p>  <p><i>...many things</i> <i>... patience</i> <i>...the trust</i> <i>...the risk</i> ... <i>but above all</i> <i>the smile!</i></p>
